BIMCREW

AGENTS FOR DIGITAL TRANSFORMATION

Our vision is to support AEEO –Architecture, Engineering, Construction & Operation Organizations in Digital Transformation Journey.

Our mission is to handhold AEEO organizations in Digital transformation journey by developing Organizational & project's digital transformation strategies, support in up-skilling the organizational staff in BIM and digital engineering, BIM Implantations in AEEO organizations and perform BIM audits and support organization in ISO BIM certifications.

Our strategy is to foster a working environment of open collaboration among the BIM troop, deliver BIM training and Implementations. Assist in any way possible to produce tangible working methodologies to establish organizational & project BIM implementation strategies.

We implement our strategy by achieving the following Operational Goals: BIMCrew will handhold AEEO Organizations in Digital transformation journey; Manpower supply for BIM projects; Support AEEO organizations in audits and getting ISO BIM certified; We will work towards developing technology, management and strategy BIM courses; host workshops corporate & trainings for AEEO organizations to reach the current market demands.

MRS HAMSAJA

CEO, BIMCrew | CSO, Swifterz & MINE
Board Member, India BIM Association
Mumbai, Maharashtra, India
[LinkedIn](#) | [Taiwan](#) | [India](#)

I am serving BIMCrew as CEO. Over the course of my career, I held positions at NGOs and Corporate companies with over ten years of Experience. I hold Global MBA from National Taiwan University, Taiwan and another MBA from Sikkim Manipal university, India. I have bachelor's in business management degree from Bangalore University, India. And, started as Board of Director at Swifterz Creative Solutions LLP and Merry's Info-tech & New-Gen Educare LLP.

I support digital transformation journey in Indian AECO Sector. I serve as Executive Committee Member of the National BIM Society - India BIM Association ®. I serve as Alternate Member - Construction Management Sectional Committee CED29, Bureau of Indian Standards. I serve as South Region Chair- BIM, Forum of Critical Utility Services.

DR AMARNATH CB

CTO - BIMCrew
President, India BIM Association.
Ex-AVP, Reliance Industries
Mumbai, Maharashtra, India.
[LinkedIn](#) | [India](#) | [Taiwan](#) | [Spain](#) | [UK](#)

I am serving BIMCrew as CTO. My expertise is in setting up Organisational BIM strategies / Roadmap, Leadership trainings and business strategy in the BIM sector. I had served on leadership roles at Larsen and Toubro Ltd and Reliance Industries. Over the course of my career, I held positions in India, Spain, Taiwan, and UK. I am playing an active role at several Digital Built India initiatives to drive the digital transformation within Indian Architecture, Engineering, Construction and Operations Space. I have built the BIM ecosystem in Indian market and my network is 45,000+ BIM professionals and 500+ organizations in BIM sector. I support as strategic advisor for national councils & forums for enabling digital transformation in Indian AEC sector.

My research initiatives in BIM started at IIT Delhi. I hold Ph.D. in Establishing Organization BIM Strategies from National Taiwan University with one-year exchange at Imperial College London. One Master's in Global BIM Management from Univ. of Barcelona and another in Construction Management from Bangalore Univ.

DR AMARNATH CB
President, India BIM Association.
Ex-APT, Wellance Industries
Mumbai, Maharashtra, India.

Services to Industry

- Services focusing on generating BIM and using generated BIM
- Leadership & Management Trainings in the area of BIM & Digital front.
- Enable Client, General Contractor & Sub-Contractors with BIM & Digital Strategies.
- Enabling BIM Software, Hardware & Services to your projects.
- BIM Audits & enable your organization to receive ISO 19650 Certification.
- BIM Staffing for production, management & leadership roles.
- Networking Events on BIM & Digitalization.

Services to Academia

- Faculty Development program.
- BIM trainings for Architecture, Civil, Mechanical, Construction management students.
- BIM Curriculum Development & handholding.
- Enabling BIM Center of Excellence.
- Organize BIM Conference.
- Placements for BIM ready graduates.

BIM Delivery Partners

300+ SMEs
5000+ BIM professionals
BIMCrew is one stop BIM Support

Delivery Partner Location

Tier 1 cities

Mumbai, Delhi, Bangalore, Chennai, Hyderabad, Kolkata, Pune, and Ahmedabad.

Tier 2 cities

Surat, Jaipur, Lucknow, Indore, Noida, Kochi, Nagpur, Rajkot, Coimbatore, Gurgaon, Mysore, Amritsar, Visakhapatnam, and Navi Mumbai.

Tier 3 cities

Aurangabad, Bhubaneswar, Dehradun, Tiruchirappalli, Belgaum, Shimla, Jabalpur, Hoshiarpur, Thanjavur, Bidar, Durgapur, Namakkal, Solapur, Kollam, Janakpuri, Chidambaram, and Jabalpur.

One Stop Solution for Digitalization of Built Environment

Geospatial, BIM (design authoring), Engineering analysis, Digital Twin, Project controls, VDC, Reality capture, Immersive experience, Building management system, trainings and hand-holding services are available from BIM & digitalization service provers. These services are offered as one stop solutioun

Hardware / Equipment Support

Hardware requirements needed for BIM, including high-performance workstations, mobile devices, Experience/control centre, Jaibot, laser scanner, drone, 360 camera, total station, VR & AR devices, Cyber dog, 3D printer & plotter.

Technology Support

There are hundreds of BIM solutions available in the AEC market. BIM software can be strategically identified based on factors such as interoperability, affordability, applicability, skilled manpower availability, and many other factors.

Don't plan late.

BIM Staffing

BIM & Digitalization roles are broadly classified into production, management and leadership roles. Client, General Contractor, Sub-Contractors, Consulting firms, Asset Operations and government agencies all of them need BIM team. The BIM roles required in each type of organisation varies.

BIM Production & Specialist Roles

BIM Modellers for Architectural, Landscape, Interior design, Civil, Structural, Mechanical, Electrical, Plumbing, Fire protection, Electrical Alarm System, IT, Security & AV. BIM Engineer for object / family / library creation.

BIM Specialist for 4D BIM - Construction planning & monitoring, 5D BIM - for cost planning & monitoring, Immersive Experience , VDC simulations, Reality capture, Lean & Green, Geo-BIM, smart contracts, ROI, Safety & Risk, Procurement & Logistics, Digital Twin & Building Automation.

BIM Co-ordinator & Management Roles

BIM Coordinators for Design, Construction & Asset Management, trainings, partnerships & CDE, modular strategies.

BIM Manager for information management in design, construction & Asset management.

BIM Advisory & leadership Roles

BIM Services

Design

Using BIM tools to develop cutting-edge plans for building projects, including structural, architectural, and MEP (mechanical, electrical, and plumbing) systems, and to make informed decisions with minimal effort.

Assemble

Using BIM to efficiently manage on-site logistics, materials, and construction sequencing, allowing for smooth assembly and progress monitoring.

Value

Using BIM to optimize financial planning and decision making over a project's lifetime through accurate cost estimation, asset valuation, and lifestyle analysis.

Execution

Using BIM helps optimize project execution for on-time and successful project delivery by coordinating construction activities, managing schedules, and ensuring compliance with on-site safety regulations.

Procure

Using BIM to regulate the sourcing of materials and the administration of vendors to save time and money while guaranteeing the timely delivery of construction resources.

Operation

Using BIM in post-construction facility management, maintenance planning, and space utilization optimization guarantees the best possible performance and durability of built assets.

Global Network
